

Greg B. Wilson Van Buren County Mayor  
P.O. Box 217  
Spencer, TN 38585

To Van Buren County Citizens:

I had questions from our facebook live on 03/24/2020.

First question--How many test are there in Van Buren County? I do not know. The Van Buren County Health Department is conducting test daily from 1:30 p.m. to 3:30 p.m. As long as they are testing I would assume there is enough test for those that need it.

Second question--- How many test have been conducted? This is a fine line to try and follow as you know HIPPA is a federal law that protects the privacy of all U.S. Citizens. To be plain I do not know but as long as they are testing Van Buren County Citizens it shouldn't matter.

If you have questions please call the Health Department at 931-946-2438 for testing and/or Health related questions concerning COVID-19 "CORONAVIRUS".

This is a State Health Emergency crisis. The Tennessee Department of Health is in the lead of this emergency. We as the county will support them as much as we can in anything they need from us. We are starting to take food supplies today and picking up from donations from anyone wanting to help others. Please do not bring anything to us. We will deliver or pickup. For more information call 931-946-3590.

Thank you and God bless you and Van Buren County.

Sincerely,

Greg Wilson  
Van Buren County Mayor
