No. 22

**AN ORDER DIRECTING TENNESSEANS TO STAY HOME UNLESS ENGAGING IN
ESSENTIAL ACTIVITIES TO LIMIT THEIR EXPOSURE TO AND SPREAD OF
COVID-19**

WHEREAS, local, state, and federal officials have taken numerous actions to limit the spread of Coronavirus Disease 2019 (COVID-19), including a series of statewide executive orders, a nationwide emergency declaration by President Trump, and many local health and emergency orders and actions; and

WHEREAS, on March 4, 2020, the first case of COVID-19 in the State of Tennessee was identified, and now there are 1,834 total cases of COVID-19 in Tennessee, resulting in 148 hospitalizations and 13 deaths; and

WHEREAS, despite the numerous actions taken in recent weeks to limit the spread of COVID-19, in the last five (5) days, the number of cases in Tennessee has more than doubled, and there are now at least 72 counties with cases, indicating that COVID-19 is spreading throughout all areas of the State and presents a serious risk to the health, safety, and welfare of all Tennesseans, which requires further statewide action to contain the spread of COVID-19 and preserve the State's health care resources; and

WHEREAS, the Centers for Disease Control and Prevention (CDC) has stated that COVID-19 is frequently spread "[b]etween people who are in close contact with one another (within about 6 feet)," and on March 16, 2020, President Trump issued the President's Coronavirus Guidelines for America, which have been extended through April 30, 2020, and encourage people to contribute to the containment of COVID-19 by taking various precautions, including:

- a. Working from home whenever possible;
- b. Avoiding social gatherings of ten (10) or more people;
- c. Avoiding eating or drinking at restaurants, bars, and food courts, and instead using drive-thru, pick-up, or delivery options;
- d. Avoiding discretionary travel and social visits;

e. Avoiding discretionary visits to nursing homes, retirement homes, or long-term care facilities;

f. Avoiding close contact with people who are sick, and distancing oneself from others, especially those who are at higher risk of getting sick, including in particular older adults and persons with serious chronic medical conditions; and

g. Practicing good personal hygiene, including washing hands, especially after touching any frequently used item or surface, avoiding touching the face, and disinfecting frequently used items and surfaces as much as possible; and

WHEREAS, the CDC advises that “[t]he best way to prevent illness is to avoid being exposed to this virus,” and the best way to avoid being exposed to the virus is to remain home except as necessary to engage in essential activities, in which case the following health guidelines consistent with the President’s and CDC’s guidance above (hereafter referred to as “Health Guidelines”) should be followed: (1) Maintaining a distance of at least six (6) feet between themselves and others, except for family or household members; and (2) Practicing good personal hygiene, including washing hands, especially after touching any frequently used item or surface, avoiding touching the face, and disinfecting frequently used items and surfaces as much as possible; and

WHEREAS, because protecting personal liberty is deeply important, this Order is not a shelter-in-place mandate and instead strongly urges Tennesseans to stay at home when at all possible for the protection of themselves and their community; and

WHEREAS, because with personal liberty comes great personal responsibility, all Tennesseans must do their part by staying at home whenever possible for a limited period of time to avoid exposure to, and slow the spread of, this virus, which will limit the burden on health care resources and allow normal activities to resume sooner; and

WHEREAS, in addition to the other emergency management powers granted by law, Tennessee Code Annotated, Section 58-2-107(e), provides that during a state of emergency, the Governor is authorized to suspend laws and rules regarding the conduct of state business if necessary to cope with the emergency, order evacuations from certain areas, make orders concerning entry and exit and the occupancy of premises within an emergency area, and take measures concerning the conduct of civilians and the calling of public meetings and gatherings, among other things; and

WHEREAS, the temporary suspension of selected state laws and rules and the other measures contained herein are necessary to facilitate the response to the current emergency.

NOW THEREFORE, I, Bill Lee, Governor of the State of Tennessee, by virtue of the power and authority vested in me by the Tennessee Constitution and other applicable law, in light of the continuing state of emergency to facilitate the response to COVID-19, and to keep the citizens of the State of Tennessee safe and healthy, do hereby order the following statewide:

1. Safer at home. Because staying at home as much as possible for a temporary period of time will protect the health and safety of Tennesseans by limiting the spread of

COVID-19 and preserving health care resources, all persons in Tennessee are urged to stay at home, except for when engaging in Essential Activity or Essential Services as defined in this Order.

2. Closure of non-essential businesses for public use. Businesses or organizations that do not perform Essential Services shall not be open for access or use by the public or its members. Such businesses or organizations are strongly encouraged to provide delivery, including delivery curbside outside of the business or organization, of online or telephone orders, to the greatest extent practicable, and persons are encouraged to use any such options to support such businesses during this emergency.
3. Essential Activity and Essential Services should be limited. Even though Essential Activity and Essential Services are permitted under this Order, all persons are strongly encouraged to limit to the greatest extent possible the frequency of engaging in Essential Activity or Essential Services. For example, all persons are strongly encouraged, among other things, to use thoughtful planning, careful coordination, and consideration of others when engaging in Essential Activity or Essential Services in order to minimize the need and frequency for leaving their place of residence or property. When engaged in Essential Activity or Essential Services, persons shall at all times follow the Health Guidelines to the greatest extent practicable.
4. Essential Services businesses should follow Health Guidelines. For those offices, workplaces, and businesses that remain open as permitted by this Order, employers should take steps to the greatest extent practicable to equip and permit employees to work from home, and employees and their customers should practice good hygiene and observe the Health Guidelines and necessary precautions advised by the President and the CDC to reduce the spread of COVID-19.
5. Employers shall not require or allow employees with COVID-19 to work. An employer, through its supervisors or appropriate management personnel, shall not require or allow an employee who the employer knows has tested positive for COVID-19 to report to work until that employee has satisfied the conditions for discontinuing home isolation under CDC guidelines, which are available at the following web address: <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/steps-when-sick.html>.
6. List of Essential Services detailed in Attachment A. Essential Services are defined in Attachment A to this Order. Nothing in this Order precludes an employer from encouraging, allowing, or requiring an employee to work remotely or via telework as a method of conducting Essential Services, where practicable.
7. Executive Order Nos. 17 and 21 remain in full force and effect. Defining Essential Services in Attachment A does not repeal, by implication or otherwise, the terms and conditions of Executive Order Nos. 17 and 21 relative to restaurants, bars, and

similar food and drink establishments, gyms, fitness/exercise centers, and similar facilities, close-contact personal services, and entertainment and recreational gathering venues, and visiting nursing homes, retirement homes, or long-term care or assisted-living facilities, the provisions of which are incorporated herein and remain in full force and effect.

 - e. Caring for or visiting a family member, friend, or pet in another household, or transporting or traveling with family members, friends, or pets as allowed by this Order; provided, that the Health Guidelines are followed to the greatest extent practicable;

Businesses should further consider implementing measures to protect our most vulnerable populations by, for example, offering delivery service or special opportunities for members of vulnerable populations to shop in retail establishments exclusive of the general population.
12. Suspension of laws that would limit application of this Order. Any law, order, rule, or regulation that would otherwise limit the enforceability of this Order is hereby suspended, pursuant to Tennessee Code Annotated, Section 58-2-107.
13. No repeal of local orders. Nothing herein repeals, preempts, or otherwise limits the authority, if any, of a locality to issue further orders or measures on these same subjects.
14. Severability. If any provision of this Order or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this Order which can be given effect without the invalid provision or application, and to that end the provisions of this Order are declared to be severable.
15. Term and effective date. This Order shall be effective and enforceable at 11:59 p.m., Central Daylight Time, on March 31, 2020, and shall remain in effect until

STATE OF TENNESSEE
EXECUTIVE ORDER
BY THE GOVERNOR

No. 29

**AN ORDER AMENDING EXECUTIVE ORDER NO. 17
TO REOPEN DINING IN RESTAURANTS**

WHEREAS, on March 22, 2020, I issued Executive Order No. 17, which directed restaurants and similar food and drink establishments to offer take-out or delivery options only; and

WHEREAS, the efforts and sacrifices of Tennesseans, businesses, places of worship, and governmental and nongovernmental entities and organizations of all types in accordance with these measures have flattened, and continue to flatten, the COVID-19 curve in Tennessee; and

WHEREAS, though the measures taken to reduce the spread of COVID-19 have been and are necessary and invaluable in preserving the health and lives of Tennesseans, they have also damaged many businesses and livelihoods, with over 400,000 unemployment claims filed since March 1, 2020, and it is essential to their health and welfare to allow Tennesseans to return to work so long as progress in slowing COVID-19 makes it safe to do so; and

WHEREAS, because of the recent reduction in the spread of COVID-19 in Tennessee, it is now appropriate to allow more Tennesseans to return to work to support their families and communities, subject to guidelines for safe operation of businesses, trusting and expecting Tennesseans to continue to limit activity and follow the health and safety practices that have resulted in this progress; and

WHEREAS, in addition to the other emergency management powers granted by law, Tennessee Code Annotated, Section 58-2-107(c), provides that during a state of emergency, the Governor is authorized to suspend laws and rules regarding the conduct of state business if necessary to cope with the emergency, order evacuations from certain areas, make orders concerning entry and exit and the occupancy of premises within an emergency area, and take measures concerning the conduct of civilians and the calling of public meetings and gatherings, among other things; and

WHEREAS, the temporary suspension of selected state laws and rules and the other measures contained herein are necessary to facilitate the response to the current emergency.

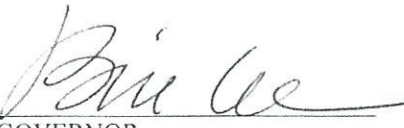

NOW THEREFORE, I, Bill Lee, Governor of the State of Tennessee, by virtue of the power and authority vested in me by the Tennessee Constitution and other applicable law, do hereby declare that a state of emergency continues to exist in Tennessee and order the following:

1. Reopening of restaurants for on-site dining. Effective at 12:01 a.m., Central Daylight Time, on April 27, 2020, Executive Order No. 17, dated March 22, 2020, as extended by Executive Order No. 21, dated March 30, 2020, and Executive Order No. 27, dated April 13, 2020, is amended by:
 - a. Deleting in Paragraph 1b. the language “shall not eat or drink onsite at restaurants, bars, or other similar food or drink establishments” and substituting instead “shall not eat or drink onsite at limited service restaurants, as defined in Tennessee Code Annotated, Section 57-4-102(22), bars, nightclubs, and similar establishments”; and
 - b. Deleting in Paragraph 1c. the language “Restaurants, bars, and similar food or drink establishments, including nightclubs,” and substituting instead “Limited service restaurants, as defined in Tennessee Code Annotated, Section 57-4-102(22), bars, nightclubs, and similar establishments”
2. ERG Guidelines. Restaurants are expected to operate in accordance with, and to fulfill the spirit of, applicable operational guidance and measures adopted and/or issued by the Governor’s Economic Recovery Group (ERG), which are available at the following web address and may be periodically updated: <https://www.tn.gov/governor/covid-19/economic-recovery.html>. If a restaurant does not operate in a safe manner, or if health outcomes demonstrate that a particular business or industry sector is unable to be operated in a sufficiently safe manner, the Governor and/or other applicable state official(s) may issue additional health and safety orders as may be appropriate under the circumstances.
3. Take-out and delivery alcohol sales by restaurants remain permitted. To encourage carryout or delivery orders while restaurant capacity must be reduced, Paragraph 5 of Executive Order No. 17, issued March 22, 2020, allowing restaurants to sell for take-out or delivery alcoholic beverages or beer is not affected by this Order and remains permitted.
4. Suspension of laws that would limit application of this Order. Any law, order, rule, or regulation that would otherwise limit the enforceability of this Order is hereby suspended, pursuant to Tennessee Code Annotated, Section 58-2-107, including any provisions of Executive Order No. 22 that would limit the effectiveness of this Order.
5. Local orders. This Order shall supersede and preempt any emergency order, health order, or other order issued by a local official or local governmental entity addressing or otherwise related to COVID-19; provided, that the six locally run county health departments in Davidson, Hamilton, Knox, Madison, Shelby, or Sullivan Counties shall have the authority

to maintain any existing order or issue further restrictions regarding the operation of restaurants for the purposes of containment or management of the spread of COVID-19.

6. Effect of this Order. Subject to the expectation that restaurants will operate within ERG Guidelines, the effect of this Order is that on-site dining at restaurants will no longer be prohibited in Tennessee, unless a locally run county health department in Davidson, Hamilton, Knox, Madison, Shelby, or Sullivan Counties independently prohibits or otherwise regulates the opening, closing, or operation of restaurants within its respective county. Pursuant to prior Executive Order Nos. 17, 21, and 27, bars, nightclubs, and limited service restaurants shall continue to be closed to persons for the purposes of eating or drinking on-site.
7. Severability. If any provision of this Order or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this Order which can be given effect without the invalid provision or application, and to that end the provisions of this Order are declared to be severable.

IN WITNESS WHEREOF, I have subscribed my signature and caused the Great Seal of the State of Tennessee to be affixed this 24th day of April, 2020.
